Dave

I have several Maxon SM-4150's I need programmed. I see on your site the cost for programming, and I see that if they need aligned it is an extra charge. I know some radios do not need aligned, will these radios? or are they "wide" band and not need anything additional? I need to know how much money to send with the radios?

All will be bench checked before being returned.

The 4150's will cover about 15 mhz without needing much tuning.
If they are all identical programs, the cost is \$20.00 for the 1st one and then
\$5.00 for each additional unit plus return shipping.

Today I shipped out 3 VHF M-4150 Mobile radios to you for programming. I need 2 of the radios programmed identically, and the 3rd programmed a little different. I have included with the package an envelope with \$60.00 cash in it, as well as 2 lists of frequencies needed. If you have any questions, feel free to contact me at any time on this, if the cost goes over the enclosed funds, contact me I will put the remainder on my credit card, and also I will most likely have to pay the return shipping with my credit card as well. **Again, I am sorry, I get the radios 2 at a time, because I have to pay the shipping 2 at a time.** If there is any problems you can contact me any time of the day or night.

Thank you in advance.

Dear Brinkley Electronics,

2/27/2000

Enclosed is \$60.00 for the programming of 3 Radios. I need two radios programmed from the 14 Channel list enclosed, and the other programmed from the 9-channel list enclosed. If they need to be aligned, then do so. If the cost is to go over the enclosed funds, contact me and I will pay the remainder on my credit card. You can contact me at any time from the numbers listed. My work schedule is 2 PM till 10 PM, Tuesday through Saturday and I can be paged at any time. I am in a hurry to get the radios, as I need to get them installed in our cruiser ASAP.

Thank you in advance for your assistance.

Sincerely,

David F. Cimperman, Jr.

Prosecuting Attorney
Amanda Spies Bornhorst

Amanda Spies Bornhorst

Very truly yours,

Should you have any questions, or should you desire to further discuss this matter, please advise. Thank you.

Revised Code section 2913.04 addresses the unauthorized use of property, computer property, or telecommunications property. Based upon the facts as I understand them to be the likelihood that this section has been violated is substantial. However, the ultimate determination of whether of action the city desires to pursue, the matter may be presented to the Tuscarawas County Grand Jury for consideration.

A second matter involves Captain Cimpermann's reprogramming of police radios to activate a telephone feature not authorized for use by the New Philadelphia Police Department. My understanding is that Captain Cimpermann without permission from, or the knowledge of, any supervisor or officer or city official reprogrammed two (2) police radios to activate a telephone and paging feature not authorized for use. The result of this action is the loss of 911 telephone access lines when either feature is being utilized.

Arises whether Captain Cimpermann deposited the funds into his account with the purpose to deprive the individual of her property in violation of section 2913.02, Revised Code.

You are notified that your employment as a police officer with the City of New Philadelphia is terminated immediately. You are directed to immediately return all city equipment in your possession including your badge and handgun. This equipment should be returned to Chief Staggers or his designee.

I find that you have violated the City of New Philadelphia's rules and regulations as they pertain to dishonesty or untruthfulness, use and care of property and equipment, and observation of criminal and civil laws.

Therefore, I am making my decision solely on the information and records provided to you and your representative which resulted from the investigation.

On August 28th, 2000, the Chief gave your attorney a statement of the charges against you. A pre-disciplinary hearing was set for August 31st, 2000. At the pre-disciplinary hearing you were represented by Richard W. Himes, attorney, and FOP representative Charles Wilson. You were provided an opportunity to respond to the statement of the charges. Through your union representative, Mr. Wilson, you declined to provide any defense or explanation to the charges against you.

Mr. Cimpermanns conduct in both cases constitutes dishonesty and untruthfulness. In addition Mr. Cimpermanns conduct involving the programming of the police radio is a possible criminal violation under ORC 2913.04.

It was only after Mr. Cimpermann was confronted by Wendy Jones a court bailiff, that Mr. Cimpermann paid the fines and court costs for which he had been given a check by Lola Attendando.

Mr. Cimpermann for purposes of paying these fines and court costs Mr. Cimpermann deposited the check into his account. Approximately thirty days later as a result of Lola Attendando's failure to pay her probation fees and court costs her probation officer Kyle Courtwright filed a motion to revoke her probation.

Mr. Cimpermann with Mr. Cimpermann, which caused Lola Attendando make the check payable to Mr. Cimpermann was given a check by Lola Attendando to pay her probation fees and also fines and court costs in case CRB-000355. She made the check payable to Mr. Cimpermann. Her mother apparently has a relationship with Mr. Cimpermann, which caused Lola Attendando make the check payable to Mr.

Mr. Cimpermann was given a check by Lola Attendando to pay her probation fees and also fines and court costs in case CRB-000355. She made the check payable to Mr. Cimpermann. Her mother apparently has a relationship with Mr. Cimpermann, which caused Lola Attendando make the check payable to Mr.

Mr. Cimpermann did in fact use his position as an officer in the New Philadelphia Police Department for financial transactions. Mr. Cimpermann told me he did not. We have provided you with evidence that Mr. Cimpermann did in fact use his position as an officer in the New Philadelphia Police Department for financial transactions.

Mr. Cimpermann also lied to me when I asked him if he had ever used his position as a police officer in any financial transactions. Mr. Cimpermann told me he did not. We have provided you with evidence that Mr. Cimpermann did in fact use his position as an officer in the New Philadelphia Police Department for financial transactions.

Pursuant to the phone conference between Attorney Tscholl and yourself today, the following represents a statement of the charges against Mr. Cimpermann.

Dear Attorney Hing;

Very Truly Yours

7702.

If you have any questions regarding this information, please contact Atomic Robocn. 3, Techall at 330-4566.

Included in this correspondence, is a packet of information regarding the improper programming of the city police radios and also information pertaining to Mr. Ciempemau improperly depositing the check for Lola Jones, into his own account, including the motion to revoke probation and a statement from Wm. Jones.

Mr. Ciempemau will be given an opportunity to respond to these charges.

A pretrial hearing has been scheduled for 2:00pm Thursday August 31, 2000. At this hearing,

1/13/02 -
Placed in Mailbox

Also the address of Tim Staley of Staley Technologies is 1035 Front Street S.W., New Philadelphia, Ohio 44663.

With reference to paragraph 9 these matters are covered by Crim. R. 16(B)(1)(g), as noted in paragraph 9 of the "Response to Demand for Discovery." Obviously statements exists, which will be subject to *in-camera* review at trial after the testimony of the witness.

With reference to paragraph 10 there are no agreements, promises etc. between any State's witness and law enforcement authorities.

As to Item 8 there is no evidence in the opinion of this office which is favorable to the defendant.

As to Item 6 there are no reports of examinations and tests.

With reference to your request for additional discovery I have reviewed the 11/14/01 "Response to Demand for Discovery" authored by Jocelyn Steagachin. Enclosed are copies of Item 5 relating to the documents and tangible objects.

Dear Attorney Hancklak:

I have several Maxon SM-4150's I need programmed. I see on your site the cost for programming, and I see that if they need aligning it is an extra charge. I know some radios do not need aligning, will these radios? Or are they "wide" band and not need anything additional? I need to know how much money to send with the radios?

The 4150's will cover about 15 mhz without needing much tuning.
If they are all identical programs, the cost is \$20.00 for the 1st one and then
\$5.00 for each additional unit plus return shipping.
All will be bench checked before being returned.
Andy

Dear Brinkley,

Today I shipped out 3 VHF SM-4150 Mobile radios to you for programming. I need 2 of the radios programmed identically, and the 3rd programmed a little different. I have included with the package an envelope with \$60.00 cash in it, as well as 2 lists of frequencies needed. If you have any questions, feel free to contact me at any time on this, if the cost goes over the enclosed funds, contact me I will put the remainder on my credit card, and also I will most likely have to pay the return shipping with my credit card as well. ~~It is recommended to get the radios 2 days in advance of the next working day~~ If there is any problems you can contact me any time of the day or night.

Thank you in advance.

Dear Brinkley Electronics,

2/27/2000

Enclosed is \$60.00 for the programming of 3 Radios. I need two radios programmed from the 14 channel list enclosed, and the other programmed from the 9-channel list enclosed. If they need to be aliaged, then do so. If the cost is to go over the enclosed funds, contact me and I will pay the remainder on my credit card. You can contact me at any time from the numbers listed. My work schedule is 2 PM till 10 PM, Tuesday through Saturday and I can be paged at any time. I am in a hurry to get the radios, as I need to get them installed in our cruisers ASAP.

Thank you in advance for your assistance.

Sincerely,

David F. Cimperman, Jr.

I have several Maxon SM-4150's I need programmed. I see on your site the cost for programming, and I see that if they need aligned it is an extra charge. I know some radios do not need aligned, will these radios? or are they "wide" band and not need anything additional? I need to know how much money to send with the radios?

Andy

All will be bench checked before being returned.

The 4150's will cover about 15 mhz without needing much tuning.
 If they are all identical programs, the cost is \$20.00 for the last one and then
 \$5.00 for each additional unit plus return shipping.

Today I shipped out 3 VHF SM-4150 Mobile radios to you for programming. I need 2 of the radios programmed identically, and the 3rd programmed a little different. I have included with the package an envelope with \$60.00 cash in it, as well as 2 lists of frequencies needed. If you have any questions, feel free to contact me at any time on this, if the cost goes over the enclosures needed. If the cost goes over the enclosures, contact me with my credit card as well. I will put the remaining on my credit card, and also I will most likely have to pay the return shipping with my credit card as well. I am in a hurry to get the radios, 2 of them need to be installed ASAP in 2 unmarked cars we are planning on using in the next week or so. If there is any problems you can contact me any time of the day or night.

Thank you in advance.

Dear Brinkley,

Dear Brinkley Electronics,

Enclosed is \$60.00 for the programming of 3 Radios. I need two radios programmed from the 14 channel list enclosed, and the other programmed from the 9-channel list enclosed. If they need to be aligned, then do so. If the cost is to go over the time from the enclosed funds, contact me and I will pay the remainder on my credit card. You can contact me at any time from the numbers listed. My work schedule is 2 PM till 10 PM, Tuesday through Saturday and I can be paged at any time. I am in a hurry to get the radios, as I need to get them installed in our critics' ASAP.

Thank you in advance for your assistance.

Sincerely,

David F. Ciampelman, Jr.
